

Prowise iPro Mobile Lift

Ensure your touchscreen is always positioned at the right height and move it to your desired location using a mobile lift.

Product number: PW.1.21003.0002

Optimal safety

Prowise lift systems have been developed from the outset to be the safest.

- CE certified
- GS certified
- Only one cable is sufficient to supply both the touchscreen and lift with power

Durable

Our lift systems have a very long service life and are also exceptionally energy efficient.

- When in standby mode, the lift consumes just 0.1 Wh.
- You will be able to enjoy the durability extensively, because with the use of high-quality materials, you are ensured of a long life span.

Total cost of ownership

In terms of total cost of ownership, Prowise iPro Wall Lift is the best choice for the short and long term.

- Competitive price
- 5 year full warranty
- Customer service + on site service
- Low energy consumption
- No hidden costs

Get the most out of your Prowise iPro lift system!
